**INTERPRETATIVE STATEMENT UNDER PARAGRAPH 79  
(CHAPTER 6) OF THE FINAL RECOMMENDATIONS  
OF THE HELSINKI CONSULTATIONS**

By the Delegation of Belarus:

“In connection with the adoption by the OSCE Permanent Council of the decision on the timetable and organizational modalities of the tenth meeting of the OSCE Ministerial Council, I should like to make the following interpretative statement on behalf of the Republic of Belarus.

At meetings of the Permanent Council, we have repeatedly set out the position of the Republic of Belarus regarding the fact that for a period of five years the Belarusian Parliament has been illegally deprived of its right to participate in a fully fledged manner in the work of the OSCE Parliamentary Assembly. By barring representatives of the National Assembly of the Republic of Belarus from the deliberations of the OSCE Parliamentary Assembly, the Assembly's leadership has committed a most flagrant violation of its own Rules of Procedure and of the principles of the OSCE as a whole.

Despite the fact that the Secretariat of the Parliamentary Assembly delivered an unambiguous finding confirming the full and unconditional legitimacy of participation by a delegation from the National Assembly of the Republic of Belarus in the work of the Parliamentary Assembly, in July 2002 in Berlin our delegation was once again deprived of its right to participate fully in a Parliamentary Assembly session.

At the meeting of the Permanent Council on 11 July 2002, we drew the attention of the Chairman-in-Office to the fact that democratic principles were being blatantly flouted in the work of the Parliamentary Assembly and that a policy of discrimination was being pursued *vis-à-vis* one of the participating States. We called upon the Chairman-in-Office to protect our rights, to show commitment to the Organization's principles and to take a position regarding the actions of the Parliamentary Assembly with regard to the representation of the Parliament of the Republic of Belarus in that organization. We regret to note that that appeal has gone unanswered.

The Rules of Procedure make no provision for any kind of preconditions for the participation of national delegations in the work of the OSCE Parliamentary Assembly. Nevertheless, the Assembly leadership at the present time is tying in the question of participation by the Belarusian Parliament with a resolution of the issue regarding the OSCE Advisory and Monitoring Group in Belarus, an issue that lies within the competence of the

executive authorities of Belarus. In this way, the fundamental principle of the separation and independence of the executive and legislative branches is being ignored.

In the light of the above, we believe that at the present time the Parliamentary Assembly is not a genuine OSCE institution since the Republic of Belarus is not represented in it and the Assembly leadership is flagrantly violating the Assembly's Rules of Procedure, on which the work of that organization must be based. In these circumstances, we see no grounds for an invitation to the President of the OSCE Parliamentary Assembly to attend the ministerial meeting in Porto and to address it.

At the same time, taking into account a number of signals indicating a certain interest on the part of the Chairman-in-Office in seeking a solution to the question of the participation of the Belarusian Parliament in the work of the OSCE Parliamentary Assembly, and considering also the importance of adopting in good time a decision on the modalities so as to ensure the successful preparation of the Ministerial Council meeting, we have today joined the consensus on that decision.

This does not mean that there has been a change in our position of principle. We call upon the leadership of the Parliamentary Assembly to adopt, before the convening of the Ministerial Council meeting, a decision requiring strict adherence to the Rules of Procedure and a cessation of the discussions regarding the legitimacy of participation by representatives of the National Assembly of the Republic of Belarus in the work of the Assembly. This is a *sine qua non* if we are to support the inclusion of a statement by the President of the OSCE Parliamentary Assembly in the agenda of the Ministerial Council meeting.

We request that this interpretative statement be attached to the Journal of the meeting.”
