

## 2018 Human Dimension Implementation Meeting

Warsaw, 10–21 September 2018

### DOCUMENT PREPARATION GUIDELINES

Please submit your document to the Documentation Desk no later than 30 minutes before the start of the Working Session for which it is intended. This provides the staff with enough time to make copies and provide them to the interpreters.

Submitted documents will be published via the distribution system and website in the order received upon the beginning of their respective Session or Side Event; depending on the number of items received, this may take several hours.

Statements should be submitted in **only one** of the following formats:

- electronic file at the Documentation Desk
- email attachment to [hdim@odihr.pl](mailto:hdim@odihr.pl)
- paper copy at the Documentation Desk

Please do not submit your document in more than one format.

Only materials received from participants who are both registered and present at the conference will be accepted for publication. Please submit your document under exactly the same name/organization with which you registered; failure to do this will delay or prevent publication.

Please submit documents in clean, readable versions - handwritten documents will **NOT** be accepted for publication. Acceptable electronic formats are MS Word or Adobe PDF. Paper copies of documents should be clear and readable - the documents are scanned using OCR technology, so if the text is not in a clear font or format, this ruins the quality of the scan and delays publication. Recommended font size is 12.

Clearly identify recommendations in your document and specify to whom they are directed (delegation, NGO, OSCE, ODIHR). This will ensure that they are properly grouped in the compilation of recommendations. If recommendations are not clearly marked and identified, this will prevent a comprehensive and accurate compilation of recommendations in the final summary.

Please check your document for errors before submitting it. Replacing documents delays publication. Even if corrections are submitted soon after the error is identified, the revision won't be re-published until other submitted documents have been processed.

Participants are kindly requested to submit their statements before the session to the Documentation Desk, in front of plenary hall, so the documents can be provided to the interpreters. This very much helps with interpretation during the session, especially when the speaking time is limited. The documents will not be distributed to participants without prior consent, although early distribution would be appreciated to ensure that flow of documents reflects the discussion.

## **2018 Human Dimension Implementation Meeting**

Warsaw, 10–21 September 2018

The **deadline for receiving documents and publishing to the distribution system or the website is 17:00 (CET), on 28 September 2018.** Please submit all documents intended for publication by then to allow staff enough time to edit the complete set of recommendations and create the consolidated summary. Documents or revisions received after this deadline will not be accepted for publication and will not be considered for recommendations or the consolidated summary.

**Please submit documents, revisions, questions, or concerns directly to ODIHR Records Management at [hdim@odhr.pl](mailto:hdim@odhr.pl).**

*Last update 3 September 2018*
