

HATE MONITOR

APRIL 2021

Hate-motivated incidents are often violent manifestations of intolerance which instil fear and divide communities. Tackling underlying prejudice is essential in combating the spread of these divisive actions. The OSCE Mission to BiH supports the work of government institutions, the criminal justice system, local authorities and civil society to effectively respond to these incidents. The Hate Monitor provides a monthly update on incidents and responses throughout BiH.

In April, Radio Zvornik aired a programme on the priority activities envisaged in Zvornik's community cohesion action plan (CCAP) for 2021 and on recently-implemented activities by the Zvornik Coalition against Hate. Online education on civic activism for young people last year and an upcoming workshop on combating online hate speech are just two examples of the successful implementation of the CCAP.

The Hate Monitor provides an update on all potential hate-motivated incidents and responses known to the OSCE Mission to BiH at the time of publishing the report.
